

Says

What have we heard them say?
What can we imagine them saying?

Thinks

What are their wants, needs, hopes, and dreams?
What other thoughts might influence their behavior?

I got into a disagreement with Gary. He is interesting to talk to sometimes about politics because of how passionate he is about it; but often times he is so determined to win political disagreements that he can become very cruel and inconsiderate of how other people feel about the issue. Karen: He sounds like he is a political juggernaut.

A new coalition led by the Congress has the achievable to reshape the future of Indian politics. The coalition ought to venture into the Bharatiya Janata Party's supremacy and usher in a new technology of coalition politics in India. The union additionally helps promote secularism and social justice in India.

The main goal of the new coalition is to offer a strong challenge to the ruling Bharatiya Janata Party (BJP). The coalition wants to bring together India's various regional parties so they may stand against the BJP as one. Additionally, the coalition aims to advance social fairness, economic growth, and secularism.

In South Asia, we cover everything from the rise of Bangladesh and the machinations of India's Bharatiya Janata Party and Pakistan's Imran Khan. We've reported on how China is encroaching upon South Asia with its Belt and Road Initiative, the contentious maps of Nepal, and how politics influences the media in India.

Kamala Devi Harris made history when she became the first Indian and Black Vice President in the history of the United States in 2020. Ro Khanna, Pramila Jayapal, Ami Bera, and Raja Krishnamoorthi currently make up the so-called "Samosa Congress" in the U.S. Congress. In Canada, Jagmeet Singh's New Democratic Party is making waves. And in the U.K., British Indians in the Boris Johnson administration, such as Priti Patel and Rishi Sunak, are enacting far-reaching immigration and economic policy. Meanwhile, Sadiq Khan serves as the mayor of London

South Asia is a growing part of global GDP and the world economy. At the same time, more South Asians are playing a part in governments around the world. Our goal is to bring you the latest in political news and dig deeper into issues and debates than other publications.

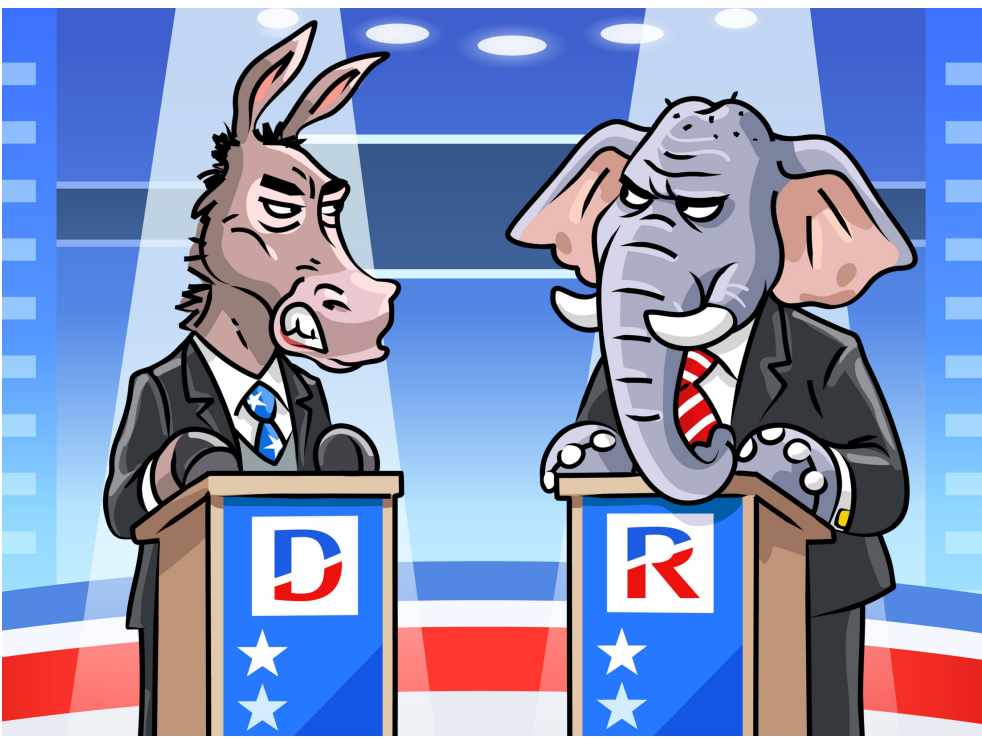

POLITICAL JUGGERNAUTS

POLITICAL JUGGERNAUTS AND QUANTITATIVE ANALYSIS OF CANDIDATES IN THE 2019 LOK SABHA

In the wake of the 2019 general election results, which come on the back of significant political changes at the level of India's states, there is empirical support for more unequivocal judgments. Indeed, the available evidence points in one direction: 2014 was not an aberration; it was instead a harbinger of a new era.¹⁰

In order to evaluate whether India has truly entered a new era of politics with the BJP's recent general election victories in 2014 and 2019, it is necessary to clarify the precise attributes of the third party system against which any future change can be measured. Broadly speaking, there are six defining attributes of the third party system.
PRINCIPLES OF THE THIRD PARTY

The final section asks some questions that the dawn of a new electoral system has raised for the study of Indian politics. The fact that the scale of the BJP's 2019 general election victory caught so many political observers on the back foot suggests that this is an opportune time to question some foundational assumptions about Indian politics that have underpinned mainstream electoral analysis.

NEW DELHI: BJP chief Amit Shah has covered 17 states in an attempt to take stock of the party's preparedness for the 2019 Lok Sabha elections, plug loopholes and chalk out strategy to take on opponents.

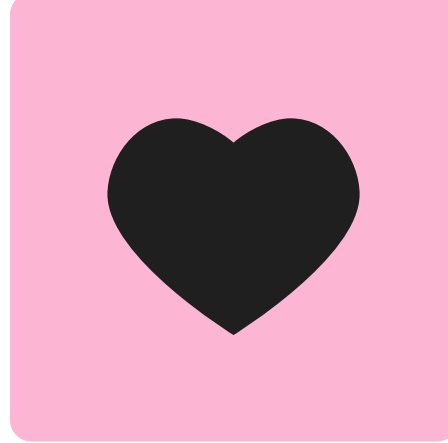

"BJP has also roped in party workers and leaders adept at handling elections over several years and they form a part of the Lok Sabha 'toli' that meets the party president during these visits. These workers know the profile of each constituency and where the party stands in each part of that Lok Sabha seat. T ...
